

# Halogen High Voltage SE (Film/Studio)

6995P 1000W GX9.5 230V 1CT

The high, constant output and consistent color temperature of these single ended halogen lamps ensure attractive, accurately exposed pictures for both film and video. What's more, these lamps incorporate the highly innovative P3 technology, developed by Philips. This allows the lamps to be used at higher temperatures, which extends overall lifetime and consistency of their high-quality light output. P3 technology also allows the lamp to be used in any burning position and enables more compact designs of fixtures. In addition, the very wide choice of dimensions and power ratings opens new levels of creative freedom for the luminaire designer.

## Údaje o produkte

### • Všeobecné vlastnosti

|                      |               |
|----------------------|---------------|
| Philips kód          | 6995P         |
| kód ANSI             | FVA           |
| LIF Code             | CP/70 (CP/24) |
| Popis systému        | P3 Technology |
| Objímka/pätica       | GX9.5         |
| Vyhotovenie banky    | Číra          |
| Tvar vlákna          | Bi-Plane      |
| Prevádzková poloha   | any           |
| Hlavné použitie      | Entertainment |
| Life to 50% failures | 240 hr        |

### • Elektrotechnické charakteristiky

|                  |        |
|------------------|--------|
| Lamp Wattage     | 1000 W |
| Napätie          | 230 V  |
| Stmievateľné     | áno    |
| Rapid Acting HBC | 6.3 V  |
| Fuse             |        |

### • Svetelnotechnické vlastnosti

|                    |          |
|--------------------|----------|
| Color Temperature  | 3200 K   |
| Technical          |          |
| Luminous Flux Lamp | 25000 Lm |

### • Rozmery produktu

|                  |                         |
|------------------|-------------------------|
| Overall Length C | 110 (max) mm            |
| Priemer D        | 23 (max) mm             |
| Pin Length K     | 8.4 (min), 9.2 (max) mm |

|                                |                           |
|--------------------------------|---------------------------|
| Light Center Length L          | 55 mm                     |
| Pin Diameter P                 | 3.10 (min), 3.25 (max) mm |
| Pin Distance R                 | 9.53 mm                   |
| Filament Dimensions (WxH) [mm] | 15x13                     |
| Filament Height H              | 14.5 mm                   |
| Filament Length W              | 11 mm                     |

### • Požiadavky na tvar svietidla

|                |             |
|----------------|-------------|
| Teplota päťice | 500 (max) C |
|----------------|-------------|

### • Product Data

|                                 |                               |
